About Fairfax State Savings Bank:

For nearly a century, Fairfax State Savings Bank has been nestled in the heart of Fairfax, Iowa - since 1924! Safe and secure, the bank maintains a stable financial environment with assets of \$250 million. As a true community bank, we understand the little things that make living here special: strong personal connections; a sense of pride in local growth; support of worthy causes; welcoming hospitality; and sincere friendliness. There have been changes along the way; a new bank building in 1964, a renovation in 1998; the opening of a second office location, Bankhaus in the Amana Colonies September, 2016; and our third office, Kingston opening in SW Cedar Rapids March, 2022. We offer Online Mortgage Applications, Mobile Deposit and Mobile Banking, Online Banking and e-statements. All these changes have been centered on serving our customers better. Full service lending includes commercial, personal, real estate, HELOC and agricultural. Visit www.thebankhere.com for more information.

Fairfax State Savings Bank provides uniquely personal banking relationships. Customers deserve high quality service in commercial and consumer banking; we strive to deliver just that in operations, personal and business lending, agribusiness loans and wealth management. Throughout 2023, we will work throughout the area to help residents and businesses. Our purpose is to improve the quality of life for people who live and work in the areas we serve.

With time, treasure and talent here are just a few of the local organizations we support:
